

Wiggle Giggle & Munch Kits Coming Soon

Stay Tuned. The HCC-CR in partnership with in Motion will be assisting regional partners with the costs of parent child programming. Wiggle & Giggle & Munch kits will be provided on a sign out basis for programs wishing to incorporate this parent child program. Kits will be completed in September and be available to sign out for use in October 2010.

A BIG Welcome to our new Steering Committee members for 2010

The Steering Committee would like to thank Jaclyn Koskie (Education), Grace Klassen (RHA), and Diane Delucia (CFS) who have "retired" from their roles at the steering committee table.

Welcome to new members

Treasure Trunks for Rinks

Another innovative idea for Central Region comes from Jodi Ens of Elm Creek. For years preschool siblings of school age hockey players have run freely in our Manitoba arena's while their brother or sister are on the ice. This has caused concern for parents and the occasional "eye brow raising" of our arena custodians. Jodi has found a solution to this which provides a great alternative for both parents and preschoolers. Stock your rink with a "treasure chest" which holds activities to occupy a preschoolers time. These trunks can include, puppets, games, puzzles, books, and your imagination. Jodi checks the trunks regularly and replaces damaged or lost items for her community arena.

PRESENTATION:

Dr. Rob Santos will discuss how Manitoba preschoolers are doing as well as examine the latest EDI (Early Developmental Instrument) results specific to Central Region.

RSVP required by September 15th, 2010. Complimentary Lunch provided.

Dr. Rob Santos is the Scientific Director and Senior Policy Advisor at the Healthy Child Manitoba Office (HCMO), the staff and secretariat of the Government of Manitoba's Healthy Child Committee of Cabinet (HCCC), the only standing Cabinet committee in Canada dedicated to the well-being of children and youth (prenatal to age 18 years). HCCC comprises the Ministers of Aboriginal and Northern Affairs; Culture, Heritage and Tourism; Education, Citizenship and Youth; Family Services and Housing; Health; Healthy Living; Justice; and Labour and Immigration/Status of Women. HC MO is mandated to work across departments and sectors through integrated research, policy, practice, and evaluation to facilitate successful child, adolescent, family, and community development.

The first "Growing the Future" Forum was held in 2008 with a tremendous response from the participants. Due to this response HCC-CR has planned this Forum to keep Central Region up to date on the latest trends where our childrens' development is concerned.

The opportunity to network with other agencies, organizations, and community stakeholders will assist and provide you with information on how your municipality is working to improve, the best possible outcomes for preschool children. Anyone who has an interest in the development of children, the strategic planning for a community or RM, or an interest in the health and well being of preschool children should attend this Forum!
